

Yesterday Albert Hoffman, the inventor of LSD, passed away at the age of 102. I think this would be a good time to review this short "LSD A-GO-GO." Its a interesting blend of schlock and doc which which chronicles the roots of LSD. The film was originally tagged on to the front of ["Plagues and Pleasures of the Salton Sea](#) ," which is available on DVD.

During the Ford administration a couple of folks thought it might be fun to use this new hip drug of the kids to on spies, informants and even our own military. Any guesses on who that may be?
