

Nude Women vs. Naked Ladies

Written by Greg Mills

Frankly, I'm torn.

Nude Women enjoy yoga and long distance running. Naked Ladies play paddle ball down at the lake.

Nude Women keep journals. Naked Ladies do the Word Scramble.

Nude Women are black and white. Naked Ladies have poor color separation.

Nude Women play harps. Naked Ladies dance on top of pianos.

Nude Women study architecture. Naked Ladies are undeclared.

** A favorite joke among 8 year old boys:

Once there was a lady who had a little dog she called Free Show.
Free Show always got out of the house and ran up and down the street.
One day, Free Show got real sick, so the lady took him to the vet.
The vet said keep Free Show inside or he will get even sicker!!!
So when they got home, the lady told Free Show:
"I am going to take a shower. Stay inside, okay?"
So the lady took all her clothes off to get in the shower
and Free Show escaped!!!!!!
So the lady ran out of the house naked and yelled:
"Free Show! Free Show!"

A classic.
